Our office will be happy to submit claims to your accepted insurance plan for eligible services. Although we make every effort possible to understand each individual plan, it is impossible to fully understand all the complex plans offered today. If you have any questions regarding your insurance plan network status or your benefits in our office it is your responsibility to contact your insurance company for these details. Please make sure you are getting benefit details for Dr. Peter Helton in Newport Beach.

We currently accept most forms of PPO, Open Access, Point of Service and non-assigned Medicare plans. We accept some forms of EPO insurances which sometimes require referrals, this will be your responsibility to obtain prior to your visit with us.

With the new health care reform there are many new plans with Blue Cross and Blue Shield that are “Covered California”, “Obamacare” or “Mirrored Covered California Policies”. We are NOT in-network with these plans. If you do have one of these PPO plans you will be using the out-of-network benefits with us, please refer to your insurance company for these specific benefits. If you have one of the EPO plans, these do not offer out-of-network benefits, we are not in-network with these plans and you will not be eligible to use your insurance in this office.
